

**GLOBAL
PLAYER
WITH
WORLD CLASS
STANDARD**

D'nonce Technology Berhad started as a trading company in Penang in 1989, specializing in industrial tapes for the E&E industry. The company expanded its scope and began to engage in value added design and converting processes of packaging solutions in 1991. In the mid-1990s, D'nonce Technology started to expand to the other states in Malaysia. In 1997, D'nonce Technology Berhad began to offer contract manufacturing services to support the HDD industry and eventually set up cleanrooms to facilitate the HDD, E&E and medical devices industries.

D'nonce Technology Berhad was listed on the Bursa Malaysia in 2001 and in 2002, the company expanded its operations beyond the shores of Malaysia to Thailand.

*Today, D'nonce Technology Berhad has facilities in Penang, Kedah, Selangor, Kelantan and Johor in Malaysia as well as Hatyai and Ayutthaya in Thailand with **INTEGRATED SCM CO., LTD**, and is involved in diverse products and services to cater to both the industrial customers and consumer markets.*

VISION

D'nonce Technology envisions to be a Global Player with World Class Standards.

MISSION

D'nonce Technology Berhad sets out to establish itself as a leader in :

- *Contract manufacturing services*
- *Packaging design solutions*
- *Supply chain management*
- *Polymer engineering*

INTEGRATED SCM CO., LTD

SUBSIDIARY OF D'NONCE TECHNOLOGY BHD.

D'nonce started as a trading company in 1989 and remains strong as a trading company till today. **INTEGRATED SCM., LTD.** is one of the trading arms of D'nonce Technology Berhad and was started in Thailand in 2002 that does not only engage in trading activities but also provides supply chain management services.

- Rice / Snack Boxes

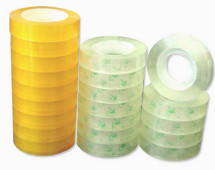

PAPER PRODUCTS FOR E & E

(ELECTRONIC & ELECTRICAL INDUSTRY)

We slit and supply high quality virgin brown and white kraft paper for interleaving purposes and Kraft Liners and thermal tapes for work-in progress and final packaging.

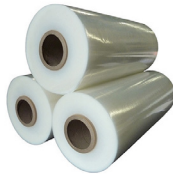

PLASTIC & TAPES

STATIONERY TAPE

POLYESTER TAPE

WIRE /UL TAPE

PROTECTION TAPE / PET holding tape

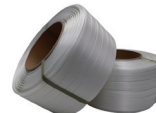

ACETATE TAPE

PVC FOOD WRAP

KAPTON TAPE ACRYLIC FOAM D/S TAPE, ORANGE LINE PVC

PACKING TAPE

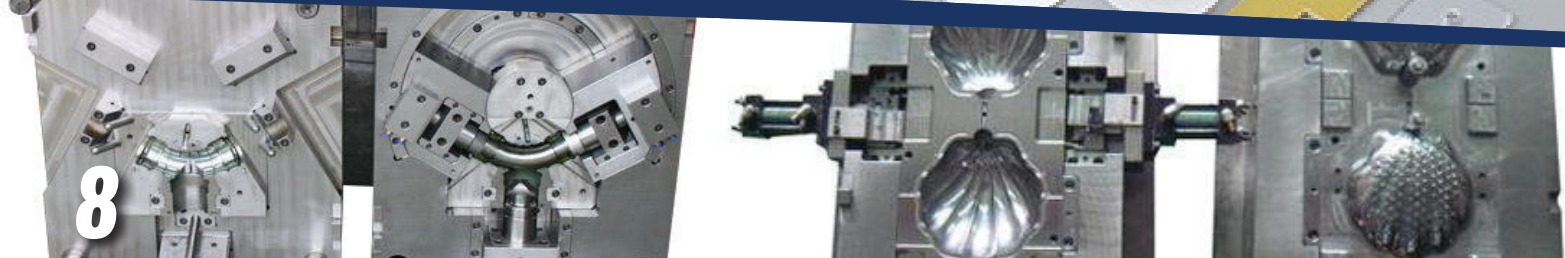

**FLOOR TAPE, CLOTH TAPE, TEFLON TAPE, MASKING TAPE, DOUBLE SIDE TAPE
PRINTED OPP TAPE, NICHIBAN TAPE, POLYESTER STRAPPING BELT, STRAPPING TOOL**

PLASTICS REELS & INJECTION MOLDING

- i) EIAJ PLASTIC REELS - this product use for packaging purposes under semiconductor manufacturer componenrts.*
- ii) Housing or cover body plastic parts use fort automotive industry.*
- iii) Plastics components use for medical products in the medical product manufacturer.*
- v) Lighting product which become a complete finished product ready for assembly into automotive vehicle like motorcycle.*

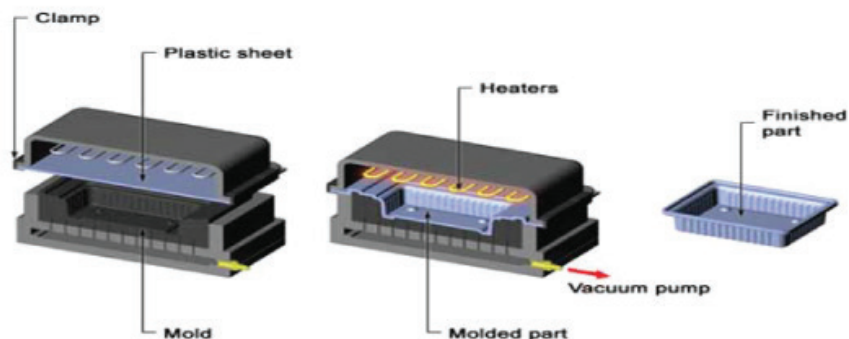

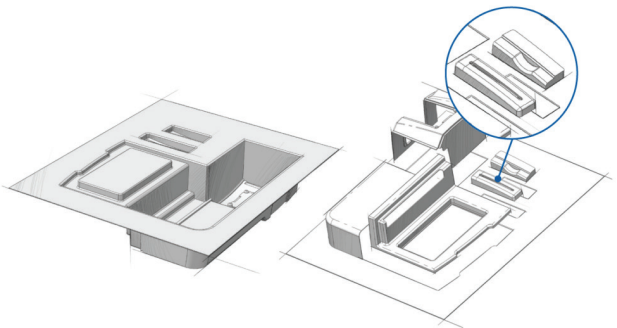

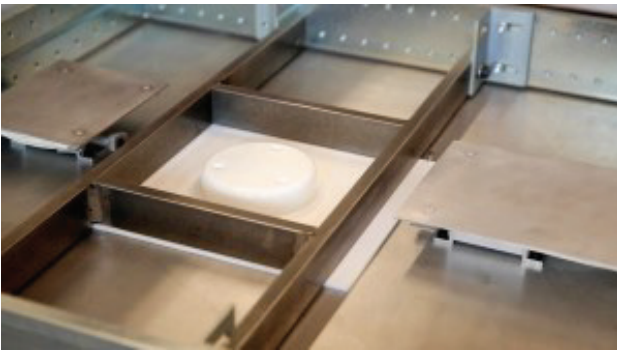

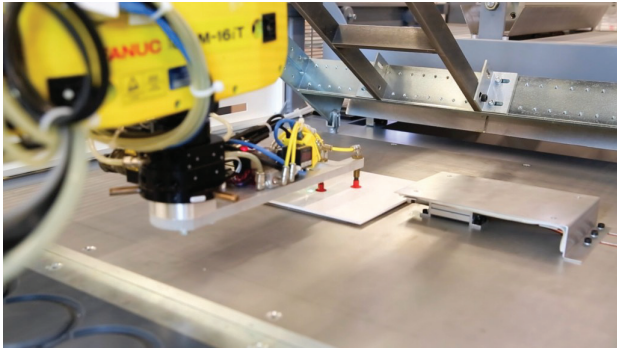

THERMAL VACUUM FORMING PRODUCTS

Integrated SCM Co., Ltd. We are manufacturing of Thermo Vacuum Forming in plastics tray for E&E, HDD, Automotive, Toys and Consumable products.

The types of thermoplastics used in our vacuum forming process comprise the normal, antistatic and conductive materials and they include:

- HIPS (High Impact Polystyrene)
- PET (Polyethylene Terephthalate)
- PETG (Polyethylene Terephthalate Glycol-Modified)
- HDPE (High Density Polyethylene)
- PP (Polypropylene)
- PC (Polycarbonate)
- PS (Polystyrene)
